

## Cherryfields Fold Housing Association, Dublin

“We are absolutely delighted with the quality and durability of Knightsbridge’s Furniture solutions. The level and quality of service received was exceptional, which is why we continue to use them.”

*Eileen Askham, Director of Care Services for Fold Housing Association*

Cherryfields is the latest development by Fold Ireland, a division of the Belfast-based Fold Housing Association, who turned to Knightsbridge Furniture for tables and chairs to complement and complete the welcoming community atmosphere which the scheme aims to create.

Knightsbridge’s Arden armchairs feature throughout the dining and activity rooms, staff areas and day centres, supported by Gamma Dining tables and Delta stacking chairs, with their timeless lines and effective use of natural wood finishes and tasteful colourways complementing the harmonious community ambience.

In the lounge and reception areas, Marlowe suites, Balerno occasional tables and wing chairs in the Rannoch, Braemar and Melrose designs continue the evocation of a welcoming and homely environment.
