

"Furniture with purpose"

 **Knightsbridge**
Furniture
Challenging Environments

ALL ROUND EXCELLENCE

Knightsbridge Furniture was established in 1939 and has since become the UK's most respected contract furniture manufacturer supplying the healthcare, mental health and care markets

All our designs are manufactured combining traditional woodworking skills with the latest production techniques. As a forward thinking company we pride ourselves on our ability to react quickly to changing market trends and on our continued dedication to quality and design excellence.

We are one of very few British contract furniture manufacturers to invest in an in-house design and development team, allowing us to commit to innovative British market-led design. Our success is built on our commitment of meeting and exceeding the needs of our customers not only relating to quality and comfort but also in terms of style and functionality.

Construction

As a member of FIRA we are fully aware of the latest industry standards and regulations and ensure our products are designed accordingly. Our products are manufactured in the UK and are tested to the most stringent British or European Standards:

BS EN 15373:2007 Strength, Durability & Safety - Chairs
 BS EN 15372:2008 Strength, Durability & Safety - Tables
 BS 6250 Surface Coatings
 BS 4875-7:2006 Strength & Stability - Cabinet Goods
 BS 4875-8:1998 Strength & Stability - Non Domestic Storage
 BS 5852-2 Ignition Source 5 & 7 Flammability Test
 BS 7176:2007 Ignition Test

Environment

We recognise that our day to day activities impact on the environment in a number of ways. With this in mind we have attained the coveted ISO14001 environmental management system and membership of FISP demonstrating sustainable excellence. FSC and PEFC certification ensures we can supply our customers with clearly identifiable timber products produced from raw materials from well managed forests.

SEATING SPECIFICATION

Designed to suit the demands of a diverse range of challenging behaviours, our mental health collection has been created with the specific needs of healthcare providers and patients in mind. Many of our products have been developed following extensive research working closely with customers. From concept through to production, we have worked to create safe and robust yet stylish products to help build an effective and practical therapeutic environment.

Our EXTREME Seating Specification Includes:

- Plywood skinning on all possible faces - including plywood underbottom - Reinforcing and adding weight
- No visible staples
- Use of non-retractable screws in exposed areas
- Extreme feet fitted with stainless steel non-retractable bolts
- Removal of any metal back tacking or crocodile strips
- Optional weighting of selected chairs and settees to prevent lifting
- Zipper tag over sewn
- No gap down side of seat and back where possible
- Secure underbottom with non-retractable screws

The icons shown inform you of the features and benefits applicable to each individual range

"Finding the balance between looking good and being safe is always a difficult call but with help and support from the dedicated Knightsbridge mental health team we were able to select aesthetically appealing furniture which meets our rigorous security needs."

Tom Hair
Procurement Manager
NHS National Services Scotland

CASE STUDY

THE STATE HOSPITAL, CARSTAIRS

Forensic secure hospital

Furniture designed and manufactured by Knightsbridge Furniture specifically for use in challenging environments has been installed throughout the State Hospital at Carstairs, the only dedicated forensic security psychiatric hospital covering Scotland and Northern Ireland.

'The State Hospital strived to establish an environment that is as comfortable as possible without compromising safety and security,' says Tom Hair, Head of Procurement with the State Hospitals Board for Scotland. 'Finding the balance between looking good and being safe is always a difficult call but with help and support from the dedicated Knightsbridge mental health team we were able to select aesthetically appealing furniture which meets our rigorous security needs. The Knightsbridge team also worked closely with both us and their fabric supplier to develop specially-commissioned healthcare fabrics which were printed exclusively for this project.'

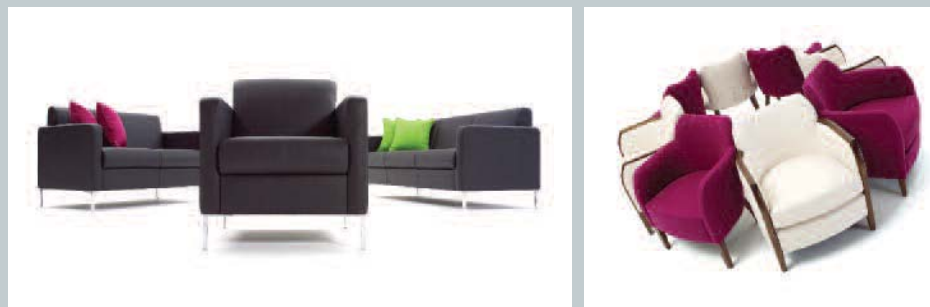

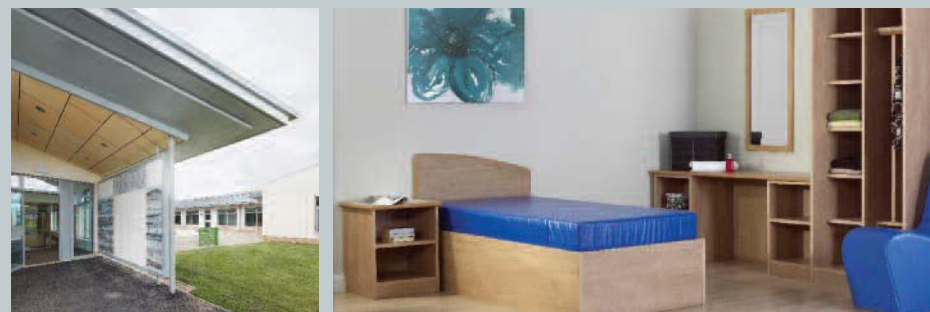

The State Hospital at Carstairs is one of four high-security hospitals in the UK - Broadmoor, Rampton and Ashworth being the other three - and treats some of Scotland's most violent and dangerous psychiatric patients. Employing around 700 staff, the facility has 140 beds for male patients who require the maximum level of secure care, including 12 beds for patients with learning disabilities.

After an exhaustive competitive tender process, Knightsbridge Furniture was awarded the contract to design, manufacture and install fitted bedroom furniture throughout the hospital. Based on the company's Extreme Fitted Bedroom range, the bespoke wardrobes, beds, desks and bedside cabinets are manufactured from robust laminated board and incorporate anti-tamper and non-ligature features to provide maximum safety and minimal risk for patients and staff alike. All surfaces are maintenance-free, easy to clean and finished in contemporary shades.

To ensure the bedroom units are sufficiently robust and safe for use in a forensic secure environment, all products were tested to destruction by the hospital's own security directorate. Design modifications made in response to client feedback included the absence of doors, hinges, rails and hangers and the concealment of all fixings: thorough retesting then took place to ensure the final products could be declared 'fit for purpose'.

Knightsbridge Furniture was also contracted to supply seating and tables from its Challenging Behaviour Furniture Collection for the hospital's lounge, dining and reception zones. Models from the upholstered Millie, Lynx, Clarence, Rossetti, Melrose and Shelley collections have been installed in lounge areas, with smart Ticino seating in the reception, Affinity upholstered modular seating in the family centre and Calm upright stacking chairs in the dining rooms.

All seating, tables and bedroom furniture supplied by Knightsbridge to the State Hospital at Carstairs were manufactured at the company's plant in West Yorkshire. Knightsbridge Furniture holds ISO 14001:2004 for its environmental management system and BS EN ISO 9001:2008 quality management accreditation: the company is an Approved Supplier to the NHS and carries NHS Mental Health Contract Number 2012/S 38-061381.

The Redwoods Centre

Main Entrance

South Staffordshire and
Shropshire Healthcare

NHS Foundation Trust

"I am delighted to say that the quality of the furniture is excellent and has been well received by service users, staff and the managers of the trust."

Margaret Hughes
Operational Commissioning Manager
Redwoods Centre

CASE STUDY

THE REDWOOD CENTRE, STAFFORDSHIRE

Letter received from client

Knightsbridge Furniture supplied the ward furniture for the Redwoods Centre in Shrewsbury. This is a new inpatient mental health facility provided by South Staffordshire & Shropshire Healthcare NHS Foundation Trust, consisting of 7 wards (totalling 112 beds) and an administration and therapies building.

The Business Development Manager for the region met with the Operational Commissioning Manager for the project to suggest types of furniture that may be appropriate for the needs of service users and worked with the Trust to hold an open day where staff and service users could see the furniture being proposed for their areas and to look at samples of fabrics. Knightsbridge worked hard with the Trust to ensure that the furniture and fabric was appropriate for use in this healthcare setting whilst maintaining a non-institutional feel. New fabrics were tried and, through the Business Development Manager, manufacturers of the fabric provided them in the colours and combinations required.

The furniture provided was for day rooms and lounges, dining areas and bedrooms and was made to a mental health specification - thus more robust.

I am delighted to say that the quality of the furniture is excellent and has been well received by service users, staff and the managers of the trust. without fail all have commented on how smart and modern it all looks. There is no 'feel' of being in an institution but the furniture meets the varying needs of service users.

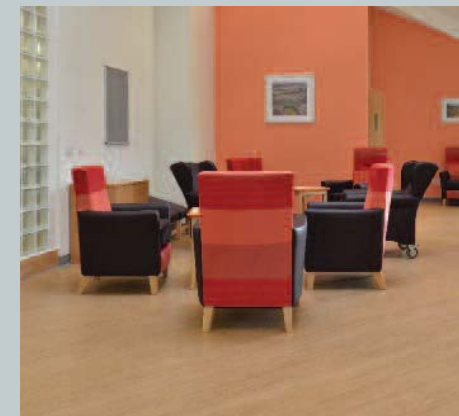

Throughout all the discussions with Knightsbridge, we have received good advice, staff have been professional in their dealings with the Trust and have worked hard to ensure we received what we wanted on time.

The delivery of the furniture was prompt, well organised and the staff who delivered worked hard and flexibly with us during a very busy commissioning period.

I would recommend Knightsbridge Furniture to other organisations within the Healthcare service.

Margaret Hughes

Operational Commissioning Manager
Redwoods Centre

EXTREME FITTED FURNITURE

EXTREME FITTED FURNITURE

Extreme Fitted Furniture Range

Knightsbridge Furniture offers a selection of fitted furniture manufactured from a variety of substrates which offers optimum strength, stability and design for your building which is tailored to your specific needs.

Every project is built specifically to meet your own space requirements, design features and colours. We take into account the level of security required during our initial consultation and offer the correct substrate and designs to match your environment and budget needs. All surfaces are durable, hardwearing and easy to clean.

Options offered to provide maximum safety and minimal risk include:-

- Anti-ligature considerations
- Anti-tamper fixings
- Anti-pick mastics
- Non-removable drawers
- Wardrobes with or without doors
- Doors with piano hinges
- Sloping tops
- Integrated anti-hide spaces

We offer a bespoke design, manufacture and installation service to ensure that the finished result is produced to your individual specification.

As an approved NHS Supply Chain contractor specifically endorsed for Mental Health environments (NHS Mental Health Contract Number 2012/S 38-061381) Knightsbridge Furniture offer a complete project management service including design, scheduling and installation.

Samples can be made available for mock-up rooms to give you peace of mind that you are selecting the best choice.

From site surveys through to pre-start meetings and project handover Knightsbridge Furniture's contract management team will keep you informed and work to your exacting standards.

Fitted furniture is available for almost all areas of your environment including bedrooms, lounges and bathrooms.

FABRICS / SOFT FURNISHINGS / TIMBER

Fabrics

We offer an extensive range of fabrics in a wide choice of colours and patterns from leading UK manufacturers. All are produced and tested with safety and suitability for use in mind. Attention to design and colour combined with the highest technical specification produce durable, hardworking fabrics which create cleaner, safer and more resilient environments; thus fostering a sense of well-being, security and comfort. Choose from vinyl or faux leather, soft waterproof upholstery and washable soft furnishings fabrics.

As part of the selection process we provide swatch cards which detail colour and light fastness, Martindale abrasion, flammability testing to BS 5852 and recommended cleaning instructions.

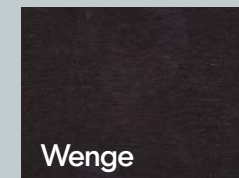

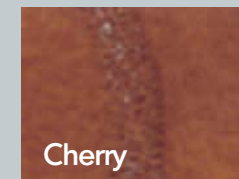

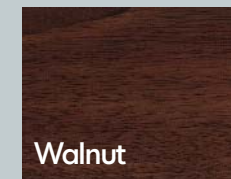

Soft Furnishings

Knightsbridge Furniture offers a quality contract curtain and soft furnishings service; from initial consultation and survey through measure and installation. We provide design solutions and a wide range of fire retardant fabrics to suit all areas and budgets. Our nationwide service extends from supply only to a fully fitted service by experienced and qualified installers.

For your total peace of mind and to create a secure environment for staff, visitors and patients we will install safety fixings and fittings where possible and recommend fit for purpose fabrics.

Timber Finishes

Using Becker Acroma Hygiene+ biocidal wood lacquer, Knightsbridge Furniture provides not only protection against bacteria but also prevention. Clinically proven to kill 99% of bacteria over a 24hr period, Hygiene+ is specifically formulated to go on working in the fight against bacteria, germs and viruses.

SERVICES

Expert Advice

We understand the importance of choosing the right furniture and aim to make the selection process as easy as possible. Our experienced sales force and dedicated customer service team are available to provide advice and guidance when selecting both furniture and fabrics.

Samples

We can arrange to deliver sample products and fabrics to your own premises to assess prior to purchase.

Showroom

Customers are welcome to visit our extensive showroom, where you can compare and contrast models with the help of our experienced sales team.

Mobile Exhibition Unit

Our large mobile showroom can bring our products straight to your door to allow you and your colleagues to view our furniture.

Factory Tour

We extend an open invitation to all of our existing and prospective customers to tour our manufacturing facilities and witness the high standards to which we work.

Furniture Fabric Care

As part of our after sales package we can provide technical guidance on how to care for your furniture and fabrics.

Contract Services Management

Large or complex schemes will benefit from our project management service covering pre-contract planning, assistance with order and delivery sequencing, installation services and preparation of schedules for removal of old furniture.

CAD Layouts

In order to maximise the utilisation of space, we provide a Computer Aided Design service illustrating your products in-situ.

New for Old

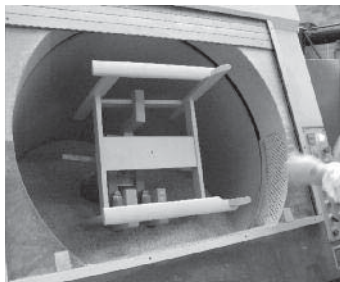

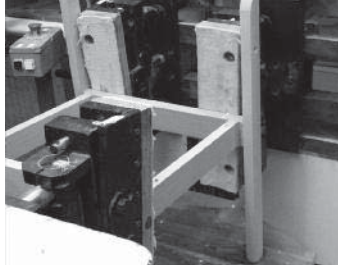

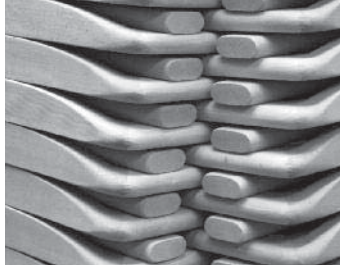

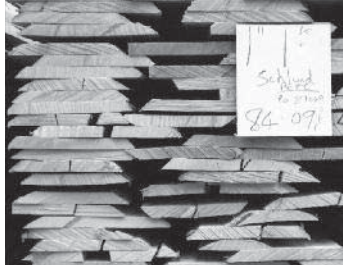

Knightsbridge can assist with disposal of your old furniture removing uplift worries or skip hiring issues. Once you place your order we will deliver, place in-situ and then take away the old furniture free of charge.

Leasing

We are also able to offer leasing to help you make the most of your budget. Working closely with our leasing partners we can provide a variety of packages from two to five years.

Renovation

We can renovate your Knightsbridge chairs to "As New" condition, so they can provide you with many more years of service.
