Manhattan Chair Bed

Designed for the modern care environment, The Manhattan chair bed combines high level of comfort with maximum practicality

Features and Benefits

- High-back designed to give excellent support and security
- Back position can be locked at any time from upright to lay flat which allows the product to be used as a chair, recliner or chair bed
- Very easy manual operation with the control lever accessable by the user unlike other models available on the market
- Lockable castors all round for manoeuvrability and stability when in position
- Compact footprint but generous when in the bed position – ideal for areas where space is an issue.

Infection Control Features

- Anti-microbial and anti-fungal fabrics available as standard.
- Stitching details are minimized throughout unit

Specification

- Inner frame is solid 18mm plywood which is CNC cut and castellated together for accuracy and strength. Glued and screwed together.
- Foams - high density CMHR.
- All products comply to BS5852 ignition source 5 (crib 5) with Knightsbridge standard range of vinyl and fabric.
