Tesla Seating TESLAS - K6505/K6511

Tesla Seating has been designed by our In House Team to compliment the already popular Tesla table range. With details echoed in the profile and angle of the leg. The two Tesla pieces presented here, the K6505 and the K6511 are differentiated by their backs. The K6511 has a larger, more supportive, back. It is pictured on the right. Concurrently, the smaller K6505 is pictured on the left.
